

Teaching Methods of Childcare III

Syllabus Number

ESS-314

Elective

1 credit

SASAKI, Sawako・KOIZUMI, Atsushi

1. Course Description

This course provides guidance before and after Childcare Practice III (Facility), which is required for the "Childcare Worker" qualification. Students will understand the significance and purpose of practical training, and think about the professionalism and professional ethics of childcare workers. In addition, through group work, students will learn to clarify their own issues as responsible practitioners, referring to the opinions of others, and acquire the ability to think about their own views of childcare professionals.
