

# English Communication III

Syllabus Number

FLE-201

Elective

1 credit

YOSHIDA, Koji

## 1. Course Description

There is more and more globalization going on, for better or worse. This course aims to help the students improve their communication skills in English as a global language. It is also designed to help them get a STEP (=Society for Testing English Proficiency) 2nd Grade certificate, which is often required for a teaching position in English at a (junior) high school in Japan.
