## 1. Course Description

In this lecture, you will learn about the history of East Asia centered on China. Not only will we review the history of China that we learned before entering university, but we will also cover more advanced content. For example, read literature and introduce the latest challenges facing researchers. Also, "what is a dynasty", "what is power", "what is the relationship between history and geography", "what is the relationship between history and culture", etc. , Also covers general history themes. I want students to acquire an attitude of actively searching for and considering questions and problems, rather than just memorizing historical knowledge.
