

Care and Education of Children with Special Needs

Syllabus Number

CHS-304

Elective

2 credit

ASHIZAWA, Kiyone

1. Course Description

In this class, while focusing on childcare for disabled children in general nursery schools, we will deepen our understanding of childcare that requires special support. Specifically, students will learn about understanding and support of various disabilities, understanding of parents of children with disabilities, ability of nurses to communicate with each other, and collaboration with specialized organizations.
