1. Course Description

This class will be about Franco-German relations inside of the European Union. These two countries, with a long history and a bright culture, were also enemies during three wars from 1870 to 1945. However, they were able to overcome their past to contribute to the building of the EU. Basing our analysis on history, we will think about the various perspectives that these two countries will have to face in the future. ☒

Among the 15 classes given, 14 will be given on the campus and 1 (the 13th) will be given on demand, through the LMS of the university.
