

Psychology of Relationships II

Interpersonal

Syllabus Number

SOP-104

Elective

2 credit

SHIKISHIMA, Chizuru

1. Course Description

Interpersonal relationships that occur between people are addressed at the group and organizational levels, and their various aspects are approached from the concepts of attitudes, group dynamics, and group decision-making. We will be exposed to the theories of classical social psychology and study how people behave in groups and interpersonal relationships from the micro-macro perspective.
