

Seminar on Entrepreneurs II

Syllabus Number

MAN-319

Elective

2 credit

MITSUNAMI, Kohei

1. Course Description

A new idea is not so easy to create. Even if you can create it, it is also very difficult to give it shape. Therefore, in this exercise, through the framework of "industry-academia collaboration" (cooperation between universities and companies for the practical application of technology), we will provide training for giving shape to ideas in the form of active learning based on the knowledge of economics and business administration that you have learned in the classroom so far.
