

History of Regional Culture I

Syllabus Number

JPH-201

Museologist Program

Elective 2 credit

SAEKI, Tomohiro

1. Course Description

You can learn about the local history and culture through knowing about the historic spot by this class. The historic spots left in each region are very important because we who live in the present age can connect to the local history and culture by them. I will select one historic spot and give a lecture on its history at every lesson.
