

Introduction to Japanese economy I

Syllabus Number

ECP-101

Compulsory Elective
2 credit

TOMITA, Hideaki

1. Course Description

The purpose of this course is to learn about the actual situation of the Japanese economy using theory and data. In the first half of the year, we will grasp the trajectory of the development of the Japanese economy from prewar to today based on theory and data. After that, we will learn about the actual state of government policies that have brought about growth, and the role played by economic relations between Japan and foreign countries.
