

Sociology(Teacher Training Course)

Syllabus Number

ESS-201

Elective

2 credit

IGOU, Yoshinobu

1. Course Description

This class is offered to those who want to become teachers to acquire sociological perspectives and ways of thinking. We will use the intellectual framework of sociology to understand various phenomena related to schools. In particular, what I would like you to learn in this class is to think about what has been so obvious from a sociological point of view. Furthermore, I would like you to apply this perspective to various phenomena occurring in society.
