

アジア経済史Ⅳ (Economic History of AsiaⅣ)

Syllabus Number

ECH-204

Elective

2 credit

ENATSU, Yoshiki

1. Course Description

The purpose of this class is to deepen students' understanding of Asian economic history, especially from the perspective of westernization and modernization. We will also review the modern history of Asia referring to the study of "development economics" such as works of Amartya Sen. We will decide the details of the class after the first and the second meeting.
