

Special Topics in Social Studies Education

Syllabus Number

ESS-402

Elective

2 credit

KAMATA, Kazuhiro

1. Course Description

We will develop our knowledge of essence and history of social studies, current problems and teaching materials in this course. We will study these based on the study of Basic Research in Social Studies Education, Introduction to Social Studies, Teaching Methods (Social Studies) and experience of practice teaching. According to what students taking this course want to study more, we will make some groups and study like a seminar class.
