

Basic Training on Journalism

Syllabus Number

SOC-205

Compulsory Elective
2 credit

SAKAMOTO, Hiroshi

1. Course Description

Sports events organized by and widely transmitted through mass media, such as high-school baseball and the Hakone Ekiden, where our university was placed ninth on January 3 of this year, occupy, as media events, an essential place in the field of journalism. Taking cues from such sports events, students will deepen their understanding of journalism in Basic Training on Journalism and Practical Training on Journalism.
