

経済学特殊講義 II

Syllabus Number ECP-404

Compulsory Elective
2 credit

KOBAYASHI, Narihiro

1. Course Description

In this course, we'll firstly review fundamental macro-economic theories through looking back the development of economic thought. And then, we'll work on economic excises each time using the text of civil service official examinations. In addition to them, we'll occasionally discuss about various ongoing economic subjects from the view point of micro and macro economic theory.
