1. Course Description

The purpose of this course is to learn to live their lives 'their way.'

For the Spring and Autumn courses, we will give a lecture on the important points at issue for 4 years at the Department of International Economy of Faculty of Economics in Teikyo University.

In particular, the Spring course aims to develop skilled human resources that:

- Recognize that achievement comes from effort, and
- Have creativity and good character.

The final grade will be calculated according to the following criteria:

- Usual performance score 20%,
- Mid-term examination 40%, and
- Term-end report 40%.

The language used for this course is Japanese.
