

## 社会的養護Ⅱ

Syllabus Number

SWS-302

Elective

2 credit

SASAKI, Sawako

### 1. Course Description

The purpose of this course is to think about the expertise required for social care while learning about the various situations surrounding children who have various physical and mental difficulties due to abuse or inappropriate relationships. Through group work and other practice classes, students will be able to express their own opinions and listen to the opinions of others, and acquire the ability to continue thinking deeply about the expertise required for social support.
