ICHIMARU, Shigeo

1. Course Description

This course aims to acquire practical knowledge and skills needed for member of society. So far, we basically worked on problems with a correct answer. But in the business world, we face problems with no correct answer. These days, each company needs a person with communication knowledge, namely a person with the knowledge of finding problems, looking for solutions, persuading others. Through this course, you can acquire the knowledge of thinking logically, expressing your thoughts well, working in a team and writing logically.
