

# Seminar I

Syllabus Number

SEM-301

Compulsory 2  
credit

AWAKURA, Daisuke

## 1. Course Description

This seminar is for studying the history of Japanese economy and industry. Through this, the purpose is to cultivate the ability to think about the economy and industry of modern Japan. At First, ask you to read a textbook on the history of Japan's economy and industry. Next, select your own research theme and ask you to make a presentation about it.
