1. Course Description

Would you like to know the secret to effective English communication? In this TESOL class, you will learn the most effective ways to study, learn, and teach English. You will learn the secrets of vocabulary learning and how many words you need to know to be able to understand 90% of all communication. You will also learn how to speak and listen effectively, and focus on how to choose good teaching materials, websites, and digital products. In the second half of the course, you will learn about two types of reading and the biggest secrets to becoming an advanced English speaker. You will also continue to learn about motivation and goal setting.
