1. Course Description

We will provide practical training for recruitment exams in order to get a job offer. To get a job offer, you need to get used to the interview and raise your level of self-promotion and motivation. In this class, you will train to improve these levels. Also, actively participate in events organized by the Career Support Center as supplementary education for this class. We will presuppose that you will participate in career formation and employment support events, and we will follow up to help you with that, so please actively participate.
