

Korean Language II

Syllabus Number

KOR-304

Compulsory 1
credit

Eunjeong Baek

1. Course Description

This class improves communication skills by acquiring advanced grammar and expression in Korean. It aims to be able to generate more natural and high-class Korean language proficiency. After understanding the differences with the elementary and intermediate-level grammatical expressions that you have learned so far, you will grasp the usage and nuances of grammar expressions at the advanced level. The aim of this is to acquire the ability to use advanced grammatical expressions accurately.
