

文化遺産 I

Syllabus Number

CAS-101

[III]

Elective 2

credit

YAMADA, Hiroki

1. Course Description

In this class, we will not spend a lot of time teaching in detail about the legal system and protection mechanisms. Instead, we will set up "questions" about cultural heritage in each lecture. During the lectures, we will look at various aspects of cultural heritage and provide material for deeper thinking. The goal of this class is for students to be able to explain in their own words why cultural heritage must be protected.
