

開発経済論Ⅳ (Development EconomicsⅣ)

科目ナンバリング ECP-322
選択 2単位

菊込 俊二

1. 授業の概要(ねらい)

This course will be an introductory class on Development Economics and the Asian economy. In Development Economics IV, we will study Asian economic development, which has been characterized by its dynamic growth, diversity in growth performance, and deepening economic integration. We will develop an understanding of the structure and dynamics of the Asian economy. We will determine some details of the course after the first meeting. This course will be held in English.

2. 授業の到達目標

The main purpose is to help students understand the basic theories of Development Economics and read the fundamental papers on economic development.

3. 成績評価の方法および基準

Participation in the class including discussions and presentations: 60%
Final presentation and report: 40%

4. 教科書・参考文献

参考文献

Kenichi Ohno The history of Japanese economic development: Origins of private dynamism and policy competence Routledge
Dwight H. Perkins, Steven Radelet, David L. Lindauer, Steven A. Block Economics of Development(7th Edition) W.W.Norton & Company
