

International Communication 1

Syllabus Number

0H111

General Basic Subjects

Elective 2 credit

RIN Shun

1. Course Description

The diversification of people living in Japanese society is rapidly progressing. Each of us is required to grow into a world full of international sense by positively accepting and understanding various ideas and values from different countries and people. Fostering such international talent is an urgent task in the globalization society. With this background in mind, this lecture will learn about the relationship between intercultural and communication from various perspectives.

Also, presentations will be given by students from 4th to 8th lessons, and 14th lesson will be poster presentations in groups. In this lesson, you will acquire attitudes, abilities and knowledge on study objective 1, 2, and 3.

2. Course Objectives

At the end of this course, you should be able to:

① Understanding international exchange and cross-cultural understanding through theory and practice. You can acquire international senses and abilities.

② It is to be able to acquire multifaceted understanding of international problems.

③ It is to be able to make a logical evaluation on understanding and interpretation of international issues.

3. Grading Policy

Your overall grade in the class will be decided based on the following:

- worksheet :30%
