FURUYA Masanobu

1. Course Description

- This class encourages students to acquire a foundation on which students develop an answer to the fundamental question "why do you want to become a teacher?"
- This course will give an overview of the significance of the teaching professions and the role of teachers. Moreover, this course will offer students the opportunity to consider their motivations and aptitudes to the teaching profession from various perspectives.
- In addition to lectures, this course combines dialogue, Bibliobattle and presentations of teaching plans, aiming for active learning that encourages dialogue with the students.
- This course is related to Diploma Policy 2.

2. Course Objectives

- Students deepen their interest in teaching and understand the basics regarding the purpose of school education and the roles of teachers. (Knowledge and understanding)
- Students understand the educational activities of teachers, consider the qualities and aptitudes required of teachers and the significance of choosing to become a teacher in their careers. (Thinking and judgment)
- Students acquire basic knowledge of creating a teaching plan. (Knowledge, understanding and expression)

3. Grading Policy

- Reflection paper (indication of attendance and learning) 30%
 - Participation and attitude in class (Q&A sessions, fieldwork, and discussion) 40%
 - Essay based on feedback 30%
- * Feedback on student's learning will be given in the final class.

4. Textbook and Reference

Textbook
